SUMMARY

Results-driven React Developer with a strong foundation in front-end development and a passion for creating engaging and responsive user interfaces. Proficient in leveraging React.js, Redux, and other modern web technologies to build scalable and efficient applications. Collaborated in Agile development teams using Scrum methodologies to deliver high-quality software solutions.

EXPERIENCE

JESM (Poonch, Jammu & Kashmir) Jan 2022 – Present

Frontend Developer

- Developed and maintained dynamic, responsive web applications using React.js, ensuring high performance and user-friendly interfaces.
- Implemented state management using Redux, enhancing application stability and improving data flow.
- Collaborated with UX/UI designers to translate design wireframes into efficient and visually appealing React components.
- Conducted code reviews and collaborated with team members to maintain code quality and ensure best practices.
- Integrated RESTful APIs to fetch and display data, ensuring seamless communication with back-end services.
- Developed a secure authentication system using React for front-end interactions, enabling users to register, log in, and log out securely
- Utilized React Router to manage routing and navigation within the application, enabling seamless transitions between authentication-related pages

PROJECTS

Weather App with API Integration

- Developed a dynamic Weather App using React and JavaScript, leveraging API integration to fetch real-time weather data from external services.
- Implemented asynchronous HTTP requests using modern JavaScript techniques like Fetch API or Axios to retrieve weather information based on user input.
- Designed a responsive user interface with React components and CSS, providing an intuitive and visually appealing experience for users to interact with weather forecasts.

SKILLS

LANGUAGES: HTML5 | CSS3 | JavaScript

FRAMEWORKS & API's : React | Bootstrap | Tailwind

TOOLS & PLATFORM's : VS Code, GIT

EDUCATION

Graduation

Chandigarh University (Mohali, Punjab)

June 2019

B.E. in Mechanical Engineering

High School

Nirmala convent Inter college (I.C.S.E) (Lucknow, Uttar Pradesh)

August 2016

INTERESTS

- Artificial Intelligence / Machine Learning
- Workout
- Snooker
- Trekking
